JOIN THE MOVEMENT TO CHANGE LIVES

What is VOICEBANKING?

Voicebanking is a small gesture — with a huge impact. It is the simple act of recording yourself as you read aloud stories on VocaliD's online studio.

Your recordings are then used to train an AI voice for yourself (Vocal Legacy) or blended for someone living with speechlessness (BeSpoke).

*OUR VOICES ARE NOT IDENTICAL,
THEY ARE OUR IDENTITIES*

Bank your voice for YOU

If you are currently facing voice loss or at risk, begin banking your voice today and retain your vocal identity forever.

Clean natural audio creates the best quality AI voice. Bank your voice before you experience vocal changes and access the benefits of high-quality voice AI prosthesis — should you need it.

How to get started

Gather the following:

- Computer
- Headset Microphone
- Quiet Room

Create your personal account at
portal.vocalid.ai/
account

2-3 HOURS
Record ~2k sentences over several sessions

SHARING THE GIFT OF VOICE

Bank your voice for OTHERS

Contribute your voice to VocaliD's Human Voicebank so that we can design a totally unique AI voice for those living with speechlessness.

VocaliD is currently seeking **English-speaking voices of all accents, ages, regional dialects, and gender identities** to help build unique AI voices for individuals.

2 ways to VOICEBANK

- 1 Record while #SafeAtHome,**
- 2 Organize a virtual Community Voice Drive.** This is a perfect way for community to come together in the era of social distancing.
